

ADDENDUM

03.20.2024

CITY OF YORK, SC
WATER & SEWER STUDY
RIA #P-24-5015

The following revisions are hereby added as an Addendum to the Request for Proposals (RFP) for Engineering Services for the above referenced project and shall be considered by all interested parties when preparing proposals.

RFP REVISIONS

I) Section 2.5. -- Questions/Requests for Clarification

With this addendum, Section 2.5. of the RFP shall now include the option for bidders to meet with the City of York Public Utilities Director to discuss questions concerning the Water & Sewer Study scope of work. This is entirely optional and will not factor into the selection of the winning respondent in any way.

To schedule a meeting with the Utilities Director, bidders must email an appointment request to Ben Wright at bwright@yorksc.gov. All requests must be received no later than April 4, 2024 to be eligible to meet.

Bidders will not be able to schedule a meeting by contacting anyone other than Mr. Wright, nor will they be able to schedule one using any method of communication other than that which is requested above.
